

New Opportunities Organization

New Opportunities Organization strives to significantly impact the lives of disenfranchised students and individuals by providing them with the education, life skills and support needed to be successful contributors to society.

- By providing programs relevant to the identified needs of disenfranchised individuals.
- By offering supportive services to increase self esteem and confidence thereby reengaging at risk individuals in their education.
- By maintaining strong relationships with our partners and working to create new relationships with other community organizations with similar visions.

Programs / Education

All of our New Opportunities locations offer free high school education for individuals to work toward their high school diploma. These services are for those who are 18 and over who have otherwise aged out of traditional high school. For more information please visit our website at www.NewOpps.org
