

## □ What is the PVJOBS Right Turn Program?

The *PVJOBS Right Turn Program* is a multi-level strategy to reduce community violence and improve the long-term labor market prospects of juvenile and adult offenders from high poverty and high crime communities. PVJOBS Right Turn offers support to overcome substantial risk factors, along with a ‘menu’ of educational & workforce development services to ensure they acquire the skills to advance their educational & vocational pursuits.

Right Turn flows through three critical phases to realize participant goals: Self Exploration; Career Exploration; and Career Planning and Management. Participants are viewed as active partners rather than passive clients and as such are involved in the planning, implementation and design of their Individualized Career Development Plan (ICDP). Successful program outcomes include increased job skills, academic achievement and sustainable employment.

## □ Who is eligible?
