It is the goal of ISSLS to match up our consumers with qualified instructors who can provide one-on-one instruction. Services are tailored to the needs of our consumers and are conducted at times convenient to them and their families.

SUPPORTED LIVING SERVICES

Supported Living Services (SLS) focuses on training and supporting persons with developmental disabilities, by providing the necessary skills to live independently in an inclusive and supportive environment.

The Supported Living Services Program will train and support the consumer to gain self-sufficiency and greater independence in the following program curriculum domains:

Living Options , Housing, Health & Medical Assistance, In-Home Supportive Services / Generic Services, Training and Habilitation Services, Self-Advocacy, Community Resources, Personal Hygiene, Money Management, Interpersonal Skills, Household Skills, Maintaining a Safe Environment, Emergency Preparedness, Mobility, Shopping, Menu Planning/Nutrition, Adaptive Technology
